SUMMARY

Frontend Engineer with 3.7+ years of experience building scalable, high-performance web applications using React.js, Next.js, TypeScript, JavaScript (ES6+), and Material UI. Experienced in developing reusable UI components, responsive SaaS applications, and end-to-end product features while collaborating with cross-functional teams from requirement gathering to production deployment. Strong expertise in React, Redux, REST API integration, performance optimization, testing with Jest, and modern frontend engineering best practices, with growing experience in full-stack development using Node.js and Express.js.

SKILLS

- **Languages & Markup:** JavaScript (ES6+), TypeScript, HTML5, CSS3, Vue.js
- **Frameworks & Libraries:** React.js, Next.js, Vue.js, Redux, Material UI, React Router, Bootstrap, amCharts, Axios
- **Development Tools:** Webpack, Babel, ESLint, Jest, React Testing Library, SonarQube
- **State Management:** Redux, Context API, Vuex/Pinia
- **Version Control & Collaboration:** Git, GitHub, Jira, Microsoft Teams
- **Testing & Code Quality:** Jest, SonarQube, React Testing Library
- **Other Technologies:** Firebase, RESTful APIs, Responsive Web Design, CI/CD
- **Backend:** Express.js, Node.js
- **Databases:** PostgreSQL, Firebase Firestore
- **Tools & DevOps:** Git, GitHub, Vercel, Netlify, Jira
- **AI & Productivity:** ChatGPT, Cursor AI, GitHub Copilot, AI-assisted Development, AI Chatbot UI.
- **Familiar With:** Socket.IO, AWS

WORK EXPERIENCE

MetaStar Media

Dec 2024 - Present

- Developed and maintained scalable SaaS applications using React.js, Next.js, Vue.js, TypeScript, and Material UI, delivering end-to-end product features for IndianMusicGuru and Artisteverse.
- Built reusable UI components, shared frontend modules, responsive admin dashboards, and CMS workflows to improve scalability, maintainability, and consistency across applications.
- Integrated REST APIs, Firebase Authentication, third-party services, and HLS-based video streaming to deliver secure, responsive, and high-performance user experiences.
- Debugged complex frontend issues, optimized application performance, and collaborated with cross-functional teams to deliver production-ready features while participating in code reviews.
- Contributed to backend API development using Node.js and Express.js, supporting end-to-end feature delivery and improving overall engineering productivity through AI-assisted development tools.
- Leveraged AI-assisted development tools, including Cursor and ChatGPT, to accelerate feature implementation, optimize code quality, troubleshoot complex issues, generate technical documentation, and improve overall engineering productivity, while validating all AI-generated code before production.

- Developed responsive and scalable web applications using React.js, TypeScript, and JavaScript.
- Built reusable UI components improving application scalability and maintainability.
- Implemented advanced frontend features including form validation, search, filtering, pagination, and analytics dashboards.
- Integrated RESTful APIs using Axios and collaborated with backend teams for seamless data flow.
- Improved application performance through rendering optimization and frontend best practices.
- Worked extensively with SonarQube to reduce technical debt and improve code maintainability.
- Integrated amCharts v5 for analytics visualization and interactive dashboards.
- Wrote unit tests using Jest and React Testing Library achieving 85%+ code coverage.
- Ensured cross-browser compatibility and mobile responsiveness across applications.

KEY PROJECTS

INDIANMUSICGURU

- Built a learning platform enabling live sessions, course management, authentication, and scheduling.
- Developed backend APIs and integrated third-party services to support end-to-end workflows.

ARTISTEVERSE

- Built a CMS platform for creators to manage digital content, subscriptions, media assets, and orders.
- Designed scalable admin workflows, backend services, and payment fulfillment integrations.

EDUCATION

MEGHNAD SAHA INSTITUTE OF TECHNOLOGY	2018-2021
• B.TECH: Civil Engineering:	
KIIT Polytechnic	2014-2017
• Diploma: Civil Engineering:	
KENDRIYA VIDYALAYA COMMAND HOSPITAL	2013-2014
• Matriculation
