SUMMARY

Frontend Engineer with 3+ years of experience building scalable, high-performance web applications using React.js, Next.js, TypeScript, and JavaScript (ES6+). Experienced in developing end-to-end product features, reusable UI components, responsive interfaces, and CMS platforms while collaborating with cross-functional teams from design to deployment. Strong understanding of frontend architecture, browser performance, REST API integration, code quality, and modern engineering practices, with growing experience in full-stack development using Node.js and Express.js.

📞 Phone: 8910186377

Skills

- **Languages & Markup:** JavaScript (ES6+), TypeScript, HTML5, CSS3
- **Frameworks & Libraries:** React.js, Next.js, Vue.js, Redux, Material UI, React Router, Bootstrap, amCharts, Axios
- **State Management:** Redux, Context API, Vuex/Pinia
- **Testing & Code Quality:** Jest, React Testing Library, SonarQube
- **Development Tools:** Webpack, Babel, ESLint
- **Version Control & Collaboration:** Git, GitHub, Jira, Microsoft Teams
- **Other Technologies:** Firebase, RESTful APIs, Responsive Web Design, CI/CD, Vercel, Netlify
- **Soft Skills:** Problem Solving, Collaboration, Time Management, Communication

Work Experience

Frontend Developer — MetaStar Media

Dec 2024 - Present

- Built scalable web applications using React.js, Next.js, Vue.js, TypeScript, and Node.js, delivering end-to-end product features for IndianMusicGuru and Artisteverse.
- Developed reusable UI components, responsive admin dashboards, and shared frontend modules to improve scalability, consistency, and maintainability across applications.
- Implemented REST API integrations, authentication flows, and backend services while ensuring high performance, accessibility, and responsive user experiences.
- Collaborated closely with product managers, designers, and engineers to translate UI/UX designs into production-ready features and participate in architecture discussions and code reviews.
- Improved engineering productivity by leveraging AI-assisted development tools for implementation, debugging, documentation, and code optimization while maintaining production-quality standards.

- Developed and maintained responsive web applications using **React.js, TypeScript, and JavaScript**.
- Created reusable front-end components to improve scalability and code maintainability.
- Utilized **React Router** for seamless client-side navigation.
- Enhanced UI performance and optimized rendering techniques to improve page load speed.
- Integrated and visualized analytics data using **amCharts v5**.
- Fixed code quality issues using **SonarQube**, improving maintainability and reducing technical debt.
- Implemented form validation, pagination, search, and filtering functionalities.
- Collaborated with backend teams to integrate RESTful APIs using **Axios**.
- Developed comprehensive unit tests to achieve 85%+ code coverage, reducing production bugs by 30%.
- Ensured cross-browser compatibility and optimized applications for mobile-first design.

KEY PROJECTS

INDIANMUSICGURU

- Built a learning platform enabling live sessions, course management, authentication, and scheduling.
- Developed backend APIs and integrated third-party services to support end-to-end workflows.

ARTISTEVERSE

- Built a CMS platform for creators to manage digital content, subscriptions, media assets, and orders.
- Designed scalable admin workflows, backend services, and payment fulfillment integrations.

EDUCATION

MEGHNAD SAHA INSTITUTE OF TECHNOLOGY	2018-2021
• B.TECH: Civil Engineering:	
KIIT Polytechnic	2014-2017
• Diploma: Civil Engineering:	
KENDRIYA VIDYALAYA COMMAND HOSPITAL	2013-2014
• Matriculation
